As described below, on or about April 29, 2019 (the “Effective Date”), the AST Goldman Sachs Large-Cap Value Portfolio (the “Target Portfolio”) will be merged into the AST T. Rowe Price Large-Cap Value Portfolio (the “Acquiring Portfolio”) as noted below. All references to the AST Goldman Sachs Large-Cap Value Portfolio in your Annuity Prospectus should be disregarded after the Effective Date.

On the Effective Date, the Target Portfolio will no longer be available under your annuity contract, and any Account Value allocated to the Sub-account investing in the Target Portfolio will be transferred to the Sub-account investing in the Acquiring Portfolio. This transfer will be made by replacing your contract’s units of the Sub-account investing in the Target Portfolio with units of the Sub-account investing in the Acquiring Portfolio based on the unit value of each Portfolio at the time of the merger.

The Manager has contractually agreed to waive 0.040% of its investment management fee through June 30, 2019. This arrangement may not be terminated or modified prior to June 30, 2019 without the prior approval of the Trust’s Board of Trustees.

After the Effective Date, you should refer to the table captioned “Underlying Mutual Fund Portfolio Annual Expenses” in the “Summary of Contract Fees and Expenses” section of the Prospectus dated April 29, 2019 for the current information.

In the “Investment Options” section of the Prospectus, information pertaining to the AST T. Rowe Price Large-Cap Value Portfolio is as follows:

Please note that you have the ability to transfer Account Value out of the Target Portfolio into an investment option available under your annuity contract any time prior to the Effective Date. Such transfers will be free of charge and will not count as one of your annual free transfers under your annuity contract. Also, for a period of 60 days after the Effective Date, any Account Value that was transferred to the Acquiring Portfolio as a result of the merger can be transferred into an investment option available under your annuity contract free of charge and will not count as one of your annual free transfers. It is important to note that any investment option into which you make your transfer will be subject to the transfer limitations described in your Prospectus. Please refer to your Prospectus for detailed information about investment options.

After the Effective Date, the Target Portfolio will no longer exist and, unless you instruct us otherwise, any outstanding instruction you have on file with us that designates the Target Portfolio will be deemed an instruction for the Acquiring Portfolio. This includes, but is not limited to, Systematic Withdrawals and Dollar Cost Averaging.

You may wish to consult with your financial professional to determine if your existing allocation instructions should be changed before or after the Effective Date.
