SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, DC 20549

FORM 10-Q

(Mark One)

☒ **QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended June 30, 2008

OR

☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

Commission file number 033-37587

Pruco Life Insurance Company

(Exact name of Registrant as specified in its charter)

Arizona
(State or other jurisdiction,
incorporation or organization)

22-1944557
(IRS Employer
Identification No.)

213 Washington Street, Newark, New Jersey 07102
(Address of principal executive offices) (Zip Code)

(973) 802-6000
(Registrant's Telephone Number, including area code)

Indicate by check mark whether the Registrant (1) has filed all reports required to be filed by Section 13 or 15 (d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. YES ☒ NO ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See definitions of "large accelerated filer, accelerated filer and smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer ☐

Accelerated filer ☐

Non-accelerated filer ☒

Smaller reporting Company ☐

Indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). YES ☐ NO ☒

As of August 11, 2008, 250,000 shares of the Registrant's Common Stock (par value \$10), were outstanding. As of such date, The Prudential Insurance Company of America, a New Jersey Corporation, owned all of the Registrant's Common Stock.

Pruco Life Insurance Company meets the conditions set forth in General Instruction (H)(1)(a) and (b) on Form 10-Q and is therefore filing this Form with the reduced disclosure format.

FORWARD-LOOKING STATEMENTS

Certain of the statements included in this Quarterly Report on Form 10-Q, including but not limited to those in Management's Discussion and Analysis of Financial Condition and Results of Operations, may constitute forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Words such as "expects," "believes," "anticipates," "includes," "plans," "assumes," "estimates," "projects," "intends," "should," "will," "shall" or variations of such words are generally part of forward-looking statements. Forward-looking statements are made based on management's current expectations and beliefs concerning future developments and their potential effects upon Pruco Life Insurance Company and its subsidiaries. There can be no assurance that future developments affecting Pruco Life Insurance Company and its subsidiaries will be those anticipated by management. These forward-looking statements are not a guarantee of future performance and involve risks and uncertainties, and there are certain important factors that could cause actual results to differ, possibly materially, from expectations or estimates reflected in such forward-looking statements, including, among others: (1) general economic, market and political conditions, including the performance and fluctuations of fixed income, equity, real estate and other financial markets; (2) interest rate fluctuations; (3) re-estimates of our reserves for future policy benefits and claims; (4) differences between actual experience regarding mortality, morbidity, persistency, surrender experience, interest rates, or market returns and the assumptions we use in pricing our products, establishing liabilities and reserves or for other purposes; (5) changes in our assumptions related to deferred policy acquisition costs and valuation of business acquired; (6) changes in our claims-paying or credit ratings; (7) investment losses and defaults; (8) competition in our product lines and for personnel; (9) changes in tax law; (10) regulatory or legislative changes; (11) adverse determinations in litigation or regulatory matters and our exposure to contingent liabilities; (12) domestic or international military actions, natural or man-made disasters including terrorist activities or pandemic disease, or other events resulting in catastrophic loss of life; (13) ineffectiveness of risk management policies and procedures in identifying, monitoring and managing risks; (14) effects of acquisitions, divestitures and restructurings, including possible difficulties in integrating and realizing the projected results of acquisitions; (15) changes in statutory accounting principles generally accepted in the United States of America or "U.S. GAAP" accounting principles, practices or policies; and (16) changes in assumptions for retirement expense. Pruco Life Insurance Company does not intend, and is under no obligation, to update any particular forward-looking statement included in this document. See "Risk Factors" included in the Annual Report on Form 10-K for the year ended December 31, 2007 and in this Quarterly Report on Form 10-Q for discussion of certain risks relating to our businesses and investment in our securities.

See Notes to Unaudited Interim Consolidated Financial Statements

1. BASIS OF PRESENTATION

Pruco Life Insurance Company, or the “Company,” is a wholly owned subsidiary of The Prudential Insurance Company of America, or “Prudential Insurance,” which in turn is an indirect wholly owned subsidiary of Prudential Financial, Inc., or “Prudential Financial.”

The unaudited interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States, or “U.S. GAAP,” on a basis consistent with reporting interim financial information in accordance with instructions to Form 10-Q and Article 10 of Regulation S-X of the Securities and Exchange Commission. These interim financial statements are unaudited but reflect all adjustments that, in the opinion of management, are necessary to provide a fair presentation of the consolidated results of operations and financial condition of the Company for the interim periods presented. All such adjustments are of a normal recurring nature. The results of operations for any interim period are not necessarily indicative of results for a full year.

The Company has extensive transactions and relationships with Prudential Insurance and other affiliates. It is possible that the terms of these transactions are not the same as those that would result from transactions among wholly unrelated parties. These unaudited financial statements should be read in conjunction with the consolidated financial statements and notes thereto contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2007.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The most significant estimates include those used in determining deferred policy acquisition costs or “DAC”, investments, future policy benefits, provision for income taxes, reserves of contingent liabilities and reserves for losses in connection with unresolved legal matters.

Reclassifications

Certain amounts in prior periods have been reclassified to conform to the current period presentation.

2. CONTINGENT LIABILITIES AND LITIGATION AND REGULATORY MATTERS

Contingencies

On an ongoing basis, our internal supervisory and control functions review the quality of our sales, marketing, administration and servicing, and other customer interface procedures and practices and may recommend modifications or enhancements. From time to time, this review process results in the discovery of administration, servicing or other errors, including errors relating to the timing or amount of payments or contract values due to customers. In these cases, we offer customers appropriate remediation and may incur charges and expenses, including the costs of such remediation, administrative costs and regulatory fines.

It is possible that the results of operations or the cash flow of the Company in a particular quarterly or annual period could be materially affected as a result of payments in connection with the matters discussed above depending, in part, upon the results of operations or cash flow for such period. Management believes, however, that the ultimate payments in connection with these matters should not have a material adverse effect on the Company’s financial position.

Litigation and Regulatory Matters

We are subject to legal and regulatory actions in the ordinary course of our businesses, including class action lawsuits. Our pending legal and regulatory actions include proceedings specific to us and proceedings generally applicable to business practices in the industries in which we operate. We are subject to class action lawsuits and individual lawsuits involving a variety of issues, including sales practices, underwriting practices, claims payment and procedures, additional premium charges for premiums paid on a periodic basis, denial or delay of benefits, return of premiums or excessive premium charges and breach of fiduciary duties to customers. In our annuity operations, we are subject to litigation involving class action lawsuits and other litigation alleging, among other things, that we made improper or inadequate disclosures in connection with the sale of annuity products or charged excessive or impermissible fees on these products, recommended unsuitable products to customers, mishandled customer accounts or breached fiduciary duties to customers. We are also subject to litigation arising out of our general business activities, such as our

2. CONTINGENT LIABILITIES AND LITIGATION AND REGULATORY MATTERS (continued)

investments and third-party contracts. Regulatory authorities from time to time make inquiries and conduct investigations and examinations relating particularly to us and our businesses and products. In addition, we, along with other participants in the businesses in which we engage, may be subject from time to time to investigations, examinations and inquiries, in some cases industry-wide, concerning issues or matters upon which such regulators have determined to focus. In some of our pending legal and regulatory actions, parties are seeking large and/or indeterminate amounts, including punitive or exemplary damages. The outcome of a litigation or regulatory matter, and the amount or range of potential loss at any particular time, is often inherently uncertain.

Our litigation and regulatory matters are subject to many uncertainties, and given their complexity and scope, their outcome cannot be predicted. It is possible that our results of operations or cash flow in a particular quarterly or annual period could be materially affected by an ultimate unfavorable resolution of pending litigation and regulatory matters depending, in part, upon the results of operations or cash flow for such period. In light of the unpredictability of the Company's litigation and regulatory matters, it is also possible that in certain cases an ultimate unfavorable resolution of one or more pending litigation or regulatory matters could have a material adverse effect on the Company's financial position. Management believes, however, that, based on information currently known to it, the ultimate outcome of all pending litigation and regulatory matters, after consideration of applicable reserves and rights to indemnification, is not likely to have a material adverse effect on the Company's financial position.

3. ACCOUNTING POLICIES AND PRONOUNCEMENTS

Accounting Pronouncements Adopted

SFAS 159

In February 2007, the Financial Accounting Standards Board ("FASB") issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities." This statement provides companies with an option to report selected financial assets and liabilities at fair value, with the associated changes in fair value reflected in the Consolidated Statements of Operations. The Company adopted this guidance effective January 1, 2008 and has not elected to fair value any additional assets or liabilities under this statement.

SFAS 157

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements." This statement defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This statement does not change which assets and liabilities are required to be recorded at fair value, but the application of this statement could change practices in determining fair value. The Company adopted this guidance effective January 1, 2008. See Note 6 for more information on SFAS No. 157.

Recent Accounting Pronouncements

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities" an amendment of FASB Statement No. 133. This statement amends and expands the disclosure requirements for derivative instruments and hedging activities by requiring companies to provide enhanced disclosures about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under Statement No. 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. This statement is effective for fiscal years and interim periods beginning after November 15, 2008. The Company is currently assessing the impact of SFAS No. 161 on the notes to the consolidated financial statements.

In February 2008, the FASB issued FSP FAS 140-3, "Accounting for Transfers of Financial Assets and Repurchase Financing Transactions". The FSP provides recognition and derecognition guidance for a repurchase financing transaction, which is a repurchase agreement that relates to a previously transferred financial asset between the same counterparties, that is entered into contemporaneously with or in contemplation of, the initial transfer. The FSP is effective for fiscal years beginning after November 15, 2008. The FSP is to be applied prospectively to new transactions entered into after the adoption date. The Company will adopt this guidance effective January 1, 2009. The Company is currently assessing the impact of this FSP on the Company's consolidated financial position and results of operations.

In February 2008, the FASB issued FSP FAS 157-2, "Effective Date of FASB Statement No. 157." This FSP applies to nonfinancial assets and nonfinancial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). FSP FAS 157-2 delays the effective date of SFAS No. 157 or these items to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years. The Company is currently assessing the impact of this FSP on the Company's financial position and results of operations.

3. ACCOUNTING POLICIES AND PRONOUNCEMENTS (continued)

The Company's liability for income taxes includes the liability for unrecognized tax benefits, interest and penalties which relate to tax years still subject to review by the Internal Revenue Service ("Service") or other taxing jurisdictions. Audit periods remain open for review until the statute of limitations has passed. Generally, for tax years which produce net operating losses, capital losses or tax credit carryforwards ("tax attributes"), the statute of limitations does not close, to the extent of these tax attributes, until the expiration of the statute of limitations for the tax year in which they are fully utilized. The completion of review or the expiration of the statute of limitations for a given audit period could result in an adjustment to the liability for income taxes. The statute of limitations for the 2002 and 2003 tax years is set to expire in 2009. It is reasonably possible that the total amount of unrecognized tax benefits will decrease anywhere from \$0 to \$42 million within the next 12 months due to the expiration of the statute of limitations.

4. REINSURANCE

The Company participates in reinsurance, with Prudential Insurance, Prudential of Taiwan, Prudential Arizona Reinsurance Captive Company "PARCC", Universal Prudential Arizona Reinsurance Company "UPARC" and Pruco Reinsurance, Ltd. "Pruco Re", in order to provide risk diversification, provide additional capacity for future growth and limit the maximum net loss potential arising from large risks. Life reinsurance is accomplished through various plans of reinsurance, primarily yearly renewable term and coinsurance. Reinsurance ceded arrangements do not discharge the Company as the primary insurer. Ceded balances would represent a liability of the Company in the event the reinsurers were unable to meet their obligations to the Company under the terms of the reinsurance agreements. The likelihood of a material reinsurance liability resulting from such inability of reinsurers to meet their obligation is considered to be remote.

During 2008, the Company entered into two new reinsurance agreements with an affiliate as part of its risk management and capital management strategies. Effective January 28, 2008, the Company entered into a coinsurance agreement with Pruco Re providing for the 100% reinsurance of its Highest Daily Lifetime Seven ("HD7") benefit feature sold on certain of its annuities. Effective January 28, 2008, the Company entered into a coinsurance agreement with Pruco Re providing for the 100% reinsurance of its Highest Daily Guaranteed Return Option ("HD GRO") benefit feature sold on certain of its annuities.

During 2007, the Company amended the reinsurance agreements it entered into in 2005 covering its Lifetime Five benefit ("LT5") feature sold on certain of its annuities. The coinsurance agreement entered into with Prudential Insurance in 2005 provided for the 100% reinsurance of its LT5 feature sold on certain new business with issue dates from March 15, 2005 to May 5, 2005. This agreement was recaptured effective August 1, 2007. Effective July 1, 2005, the Company entered into a coinsurance agreement with Pruco Re providing for the 100% reinsurance of its LT5 feature sold on new business after May 5, 2005 as well as for riders issued on or after March 15, 2005 on business in-force before March 15, 2005. This agreement was amended effective August 1, 2007 to include the reinsurance of business sold from March 15, 2005 to May 5, 2005 that was previously reinsured to Prudential Insurance.

Reinsurance premiums, commissions, expense reimbursements, benefits and reserves related to reinsured long-duration contracts are accounted for over the life of the underlying reinsured contracts using assumptions consistent with those used to account for the underlying contracts. Amounts recoverable from reinsurers, for both long and short-duration reinsurance arrangements, are estimated in a manner consistent with the claim liabilities and policy benefits associated with the reinsured policies. The affiliated reinsurance agreements, including the Company's reinsurance of all its Taiwan business as of February 1, 2001, are described further in Note 5 of the Unaudited Interim Consolidated Financial Statements.

4. REINSURANCE (continued)

Reinsurance amounts included in the Company's Unaudited Interim Consolidated Statements of Operations and Comprehensive Income for the three and six months ended June 30, 2008 and 2007 are as follows:

	(in thousands)			
	Three months		Six months	
	2008	2007	2008	2007
Premiums and policy charges and fee income ceded	\$(256,690)	\$(212,858)	\$(493,379)	\$(402,890)
Policyholders' benefits ceded	\$ 147,810	\$ 92,372	\$ 285,735	\$ 203,383
Realized capital gains (losses) ceded, net	\$ (26,131)	\$ 28,143	\$ 57,959	\$ 37,020

Reinsurance premiums ceded for interest-sensitive life products are accounted for as a reduction of policy charges and fee income. Reinsurance ceded for term insurance products is accounted for as a reduction of premiums.

Realized capital gains ceded include the reinsurance of the Company's derivatives under SFAS No. 133. Changes in the fair value of the derivatives are recognized through "Realized investment gains". The Company has entered into reinsurance agreements to transfer the risk related to certain living benefit options to Pruco Re. The Company also sells certain universal life products that contain a no lapse guarantee provision. The Company entered into an agreement with an affiliate (See Note 5 to the Consolidated Financial Statements) to reinsure these guarantees. These agreements have been accounted for as derivatives.

Reinsurance recoverables included in the Company's unaudited interim Consolidated Statements of Financial Position at June 30, 2008 and December 31, 2007 were as follows:

	(in thousands)	
	2008	2007
Domestic life insurance - affiliated	\$ 1,195,471	\$ 947,616
Domestic life insurance - unaffiliated	1,349	1,910
Taiwan life insurance-affiliated	727,200	650,384
	<u>\$ 1,924,020</u>	<u>\$ 1,599,910</u>

The gross and net amounts of life insurance in force as of June 30, 2008 and 2007 were as follows:

	(in thousands)	
	2008	2007
Gross life insurance in force	\$ 421,745,681	\$ 346,761,276
Reinsurance ceded	(375,176,844)	(307,463,104)
Net life insurance in force	<u>\$ 46,568,837</u>	<u>\$ 39,298,172</u>

5. RELATED PARTY TRANSACTIONS

The Company has extensive transactions and relationships with Prudential Insurance and other affiliates. It is possible that the terms of these transactions are not the same as those that would result from transactions among wholly unrelated parties.

Expense Charges and Allocations

Many of the Company's expenses are allocations or charges from Prudential Insurance or other affiliates. These expenses can be grouped into the following categories: general and administrative expenses and agency distribution expenses.

The Company's general and administrative expenses are charged to the Company using allocation methodologies based on business processes. Management believes that the methodology is reasonable and reflects costs incurred by Prudential Insurance to process transactions on behalf of the Company. The Company operates under service and lease agreements whereby services of officers and employees, supplies, use of equipment and office space are provided by

5. RELATED PARTY TRANSACTIONS (continued)

Prudential Insurance. The Company reviews its allocation methodology periodically which it may adjust accordingly. General and administrative expenses also include allocations of stock compensation expenses related to a stock option program and a deferred compensation program issued by Prudential Financial. The expense charged to the Company for the stock option program was less than \$1 million for the three months and the six months ended June 30, 2008 and 2007, respectively. The expense charged to the Company for the deferred compensation program was \$1 million for the three months ended June 30, 2008 and 2007; and \$2 million for the six months ended June 30, 2008 and 2007.

The Company receives a charge for its share of employee benefits expenses. These expenses include costs for funded and non-funded contributory and non-contributory defined benefit pension plans. Benefits are based on final average earning and length of service, while benefits for other employees are based on an account balance, which takes into consideration age, service and earnings during career.

Prudential Insurance sponsors voluntary savings plans for the Company's employee's 401(k) plans. The plans provide for salary reduction contributions by employees and matching contributions by the Company of up to 4% of annual salary. The expense charged to the Company for the matching contribution to the plans was \$1 million for the three months ended June 30, 2008 and 2007; and \$2 million for the six months ended June 30, 2008 and 2007.

The Company's share of net expense for the pension plans was \$2 million for the three months ended June 30, 2008 and 2007; and \$4 million for the six months ended June 30, 2008 and 2007.

The Company is charged distribution expenses from Prudential Insurance's agency network for both its domestic life and annuity products through a transfer pricing agreement, which is intended to reflect a market based pricing arrangement.

Affiliated Asset Management Fee Income

The Company participates in a revenue sharing agreement with Prudential Investments LLC, whereby the Company receives fee income from policyholders' account balances invested in the Prudential Series Funds ("PSF"). The Company also receives fee income calculated on contractholder separate account balances invested in the Advanced Series Trust Funds. These revenues are recorded as "Asset management fees" in the Consolidated Unaudited Interim Consolidated Statements of Operations and Comprehensive Income.

Corporate Owned Life Insurance

The Company has sold four Corporate Owned Life Insurance contracts, or "COLI", to Prudential Insurance and one to Prudential Financial. The cash surrender value included in separate accounts for these COLI contracts was \$1.417 billion at June 30, 2008 and \$1.431 billion at December 31, 2007. Fees related to these COLI contracts were \$5 million for the three months ended June 30, 2008 and 2007; and \$11 million for the six months ended June 30, 2008 and 2007.

Reinsurance with affiliates**UPARC**

The Company reinsures universal life policies having no-lapse guarantees with an affiliated company, UPARC. UPARC reinsures 90% of the net amount of mortality at risk as well as 100% of the risk of uncollectible policy charges and fees associated with the no lapse provision of these policies. The Company is not relieved of its primary obligation to the policyholder as a result of these transactions.

The portion of this contract related to mortality is accounted for as reinsurance. Reinsurance recoverables related to this agreement were \$47 million and \$24 million as of June 30, 2008 and December 31, 2007, respectively. Fees ceded to UPARC were \$13 million and \$9 million for the three months ended June 30, 2008 and 2007 respectively; and \$25 million and \$18 million for the six months ended June 30, 2008 and 2007, respectively. Benefits ceded to UPARC were \$21 million and \$9 million for the three months ended June 30, 2008 and 2007 respectively; and \$33 million and \$15 million for the six months ended June 30, 2008 and 2007, respectively. The portion of this contract related to the no lapse provision is accounted for as an embedded derivative. Realized gains and losses include gains of \$9 million and \$13 million for the three months ended June 30, 2008 and 2007 respectively; and \$29 million and \$13 million for the six months ended June 30, 2008 and 2007 respectively, related to the change in the value of this embedded derivative. The underlying asset is reflected as other assets in the Company's unaudited Statements of Financial Position.

PARCC

The Company reinsures 90% of the risk under its term life insurance policies through an automatic and facultative coinsurance agreement with PARCC. The Company is not relieved of its primary obligation to the policyholder as a result of this agreement. Reinsurance recoverables related to this agreement were \$1.009 billion and \$835 million as of

5. RELATED PARTY TRANSACTIONS (continued)

June 30, 2008 and December 31, 2007, respectively. Premiums ceded to PARCC were \$158 million and \$128 million for the three months ended June 30, 2008 and 2007 respectively; and \$312 million and \$249 million for the six months ended June 30, 2008 and June 30, 2007, respectively. Benefits ceded were \$77 million and \$40 million for the three months ended June 30, 2008 and 2007 respectively; and \$151 million and \$96 million for the six months ended June 30, 2008 and June 30, 2007, respectively. Reinsurance expense allowances, net of capitalization and amortization were \$32 million and \$25 million for the three months ended June 30, 2008 and 2007 respectively; and \$62 million and \$49 million for the six months ended June 30, 2008 and June 30, 2007, respectively.

Prudential Insurance

The Company has a yearly renewable term reinsurance agreement with Prudential Insurance and reinsures the majority of all mortality risks not otherwise reinsured. Reinsurance recoverables related to this agreement were \$51 million and \$44 million as of June 30, 2008 and December 31, 2007, respectively. Premiums and fees ceded to Prudential Insurance were \$53 million and \$51 million for the three months ended June 30, 2008 and 2007 respectively; and \$106 million and \$100 million for the six months ended June 30, 2008 and June 30, 2007, respectively. Benefits ceded were \$46 million and \$39 million for the three months ended June 30, 2008 and 2007 respectively; and \$94 million and \$86 million for the six months ended June 30, 2008 and June 30, 2007, respectively. The Company is not relieved of its primary obligation to the policyholder as a result of this agreement.

The Company has reinsured a group annuity contract with Prudential Insurance, in consideration for a single premium payment by the Company, providing reinsurance equal to 100% of all payments due under the contract. In addition, there are two yearly renewable term agreements in which the Company may offer, and the reinsurer may accept reinsurance on any life in excess of the Company's maximum limit of retention. The Company is not relieved of its primary obligation to the policyholder's as a result of these agreements. Reinsurance recoverables related to this agreement were \$9 million as of June 30, 2008 and December 31, 2007. Benefits ceded were less than \$1 million for the three months and the six months ended June 30, 2008 and 2007, respectively.

Pruco Re

During 2008, the Company entered into two new reinsurance agreements with an affiliate as part of its risk management and capital management strategies. Effective January 28, 2008, the Company entered into a coinsurance agreement with Pruco Re providing for the 100% reinsurance of its HD7 benefit feature sold on certain of its annuities. Effective January 28, 2008, the Company entered into a coinsurance agreement with Pruco Re providing for the 100% reinsurance of its HD GRO benefit feature sold on certain of its annuities.

During 2007, the Company amended the reinsurance agreements it entered into in 2005 covering its LT5. The coinsurance agreement entered into with Prudential Insurance in 2005 provided for the 100% reinsurance of its LT5 feature sold on new business prior to May 6, 2005. This agreement was recaptured effective August 1, 2007. Effective July 1, 2005, the Company entered into a coinsurance agreement with Pruco Re providing for the 100% reinsurance of its LT5 feature sold on new business after May 5, 2005 as well as for riders issued on or after March 15, 2005 on business in-force before March 15, 2005. This agreement was amended effective August 1, 2007 to include the reinsurance of business sold prior to May 6, 2005 that was previously reinsured to Prudential Insurance.

Taiwan branch reinsurance agreement

On January 31, 2001, the Company transferred all of its assets and liabilities associated with the Company's Taiwan branch including Taiwan's insurance book of business to Prudential of Taiwan, a wholly owned subsidiary of Prudential Financial.

The mechanism used to transfer this block of business in Taiwan is referred to as a "full acquisition and assumption" transaction. Under this mechanism, the Company is jointly liable with Prudential of Taiwan for two years from the giving of notice to all obligees for all matured obligations and for two years after the maturity date of not-yet-matured obligations. Prudential of Taiwan is also contractually liable, under indemnification provisions of the transaction, for any liabilities that may be asserted against the Company. The transfer of the insurance related assets and liabilities was accounted for as a long-duration coinsurance transaction under U.S. GAAP accounting principles. Under this accounting treatment, the insurance related liabilities remain on the books of the Company and an offsetting reinsurance recoverable is established.

5. RELATED PARTY TRANSACTIONS (continued)

Reinsurance recoverables related to this agreement were \$727 million and \$650 million at June 30, 2008 and December 31, 2007, respectively. Affiliated premiums ceded to Prudential of Taiwan under this agreement were \$32 million and \$25 million for the three months ended June 30, 2008 and 2007 respectively; and \$49 million and \$36 million for the six months ended June 30, 2008 and June 30, 2007, respectively. Affiliated benefits ceded were \$4 million and \$5 million for the three months ended June 30, 2008 and 2007 respectively; and \$10 million and \$7 million for the six months ended June 30, 2008 and June 30, 2007, respectively.

Debt Agreements

The Company has an agreement with Prudential Funding, LLC, a wholly owned subsidiary of Prudential Insurance, which allows the Company to borrow funds for working capital and liquidity needs. The borrowings under this agreement are limited to \$600 million. The Company had \$3 million of debt outstanding to Prudential Funding, LLC as of June 30, 2008 compared to no debt outstanding at June 30, 2007. Interest expense related to this debt was less than \$1 million for the three months and the six months ended June 30, 2008 and 2007, respectively. The related interest was charged at a variable rate ranging from 2.11% to 4.31 % for 2008 and 5.28% to 5.37% for 2007.

6. FAIR VALUE

Fair Value Measurement – Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SFAS No. 157 establishes a framework for measuring fair value that includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible to the Company for identical assets or liabilities. These generally provide the most reliable evidence and are used to measure fair value whenever available. The Company's Level 1 assets and liabilities primarily include certain cash equivalents, equity securities and derivative contracts that are traded in an active exchange market. Prices are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Fair value is based on significant inputs, other than Level 1 inputs, that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets and liabilities, quoted market prices in markets that are not active for identical or similar assets or liabilities and other observable inputs. The Company's Level 2 assets and liabilities include: fixed maturities (corporate public and private bonds, most government securities, certain asset-backed and mortgage-backed securities, etc.), certain equity securities, short-term investments and cash equivalents (primarily commercial paper), and certain over-the-counter derivatives. Valuations are generally obtained from third party pricing services for identical or comparable assets or liabilities (and validated through comparison to internal pricing information and economic indicators as well as backtesting to trade data or other data to confirm that the pricing service's significant inputs are observable) or determined through the use of valuation methodologies using observable market inputs. Under certain conditions, the Company may conclude the prices received from independent third party pricing services are not reasonable or reflective of market activity. In those instances, the Company may choose to over-ride the pricing information received and apply internally developed values to the related assets or liabilities. In such cases, the valuations are generally classified as Level 3. As of June 30, 2008, such over-rides on a net basis resulted in lower pricing levels being used and in aggregate were not materially different from prices received from the independent pricing services.

Level 3 – Fair value is based on significant unobservable inputs for the asset or liability. These inputs reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability. The Company's Level 3 assets and liabilities primarily include: certain private fixed maturities and equity securities, certain manually priced public equity securities and fixed maturities (including certain asset-backed securities), certain highly structured over-the-counter derivative contracts, certain commercial loans, certain consolidated real estate funds for which the Company is the general partner, and embedded derivatives resulting from certain products with guaranteed benefits. Prices are determined using valuation methodologies such as option pricing models, discounted cash flow models and other similar techniques.

6. FAIR VALUE (continued)

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis, as of June 30, 2008.

	Level 1	Level 2 (in thousands)	Level 3	Total
Fixed maturities, available for sale	\$ —	\$ 4,367,661	\$ 83,800	\$ 4,451,461
Trading account assets	—	—	1,149	1,149
Equity securities, available for sale	375	25,221	3,099	28,695
Other long-term investments	(164)	(16,758)	(7,148)	(24,070)
Short term investments	15,059	44,992	—	60,051
Cash and cash equivalents	9,000	159,744	—	168,744
Other assets	—	—	119,041	119,041
Sub-total excluding separate account assets	24,270	4,580,860	199,941	4,805,071
Separate account assets (1)	14,301,877	8,621,403	191,209	23,114,489
Total assets	\$ 14,326,147	\$ 13,202,263	\$ 391,150	\$ 27,919,560
Future policy benefits	—	—	79,025	79,025
Total liabilities	\$ —	\$ —	\$ 79,025	\$ 79,025

- (1) Separate account assets represent segregated funds that are invested for certain customers. Investment risks associated with market value changes are borne by the customers, except to the extent of minimum guarantees made by the Company with respect to certain accounts. Separate account liabilities are not included in the above table as they are reported at contract value and not fair value in the Company's consolidated Statement of Financial Position.

6. FAIR VALUE (continued)

The following tables provide a summary of the changes in fair value of Level 3 assets and liabilities for the three and six months ending June 30, 2008, as well as the portion of gains or losses included in income for the three and six months ended June 30, 2008, attributable to unrealized gains or losses related to those assets and liabilities still held at June 30, 2008.

(1) Separate account assets represent segregated funds that are invested for certain customers. Investment risks associated with market value changes are borne by the customers, except to the extent of minimum guarantees made by the Company with respect to certain accounts. Separate account liabilities are not included in the above table as they are reported at contract value and not fair value in the Company's consolidated Statement of Financial Position.

(2) Transfers into or out of Level 3 are generally reported as the value of the beginning of the quarter in which the transfer occurs.

6. FAIR VALUE (continued)

Transfers – Transfers out of Level 3 for Fixed Maturities Available for Sale and Equity Securities Available for Sale totaled \$57 million and \$1 million, respectively, during the three months ended June 30, 2008. This activity was a result of the use of pricing service information that the Company was able to validate in the second quarter of 2008 but was not available in the first quarter of 2008.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Pruco Life Insurance Company meets the conditions set forth in General Instruction H(1)(a) and (b) on Form 10-Q and is therefore filing this form in reduced disclosure format.

This Management's Discussion and Analysis, or "MD&A," of Financial Condition and Results of Operations, addresses the consolidated financial condition of the Company as of June 30, 2008, compared with December 31, 2007, and its consolidated results of operations for the three and six month period ended June 30, 2008 and June 30, 2007. You should read the following analysis of our consolidated financial condition and results of operations in conjunction with the "Risk Factors", the MD&A and the audited Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, as well as the Forward-Looking Statements and the Unaudited Interim Consolidated Financial Statements included elsewhere in this Quarterly Report on Form 10-Q.

General

The Company sells interest-sensitive individual life insurance, variable life insurance, term life insurance and individual variable annuities, primarily through Prudential Insurance's sales force in the United States. These markets are subject to regulatory oversight with particular emphasis placed on company solvency and sales practices. These markets are also subject to increasing competitive pressure, as the legal barriers that have historically segregated the markets of the financial services industry, have been changed. Regulatory changes have opened the insurance industry to competition from other financial institutions, particularly banks and mutual funds that are positioned to deliver competing investment products through large, stable distribution channels. The Company also had marketed individual life insurance through its branch office in Taiwan. All insurance activity of the Taiwan branch has been ceded to an affiliate and the related assets and liabilities continue to be reflected in the Company's statements of financial position.

Products

Generally, the Company's universal and variable life products offer the option of investing in separate accounts, segregated funds for which investment risks are borne by the customer, or the Company's portfolio, referred to as the "general account."

The Company earns its profits through policy fees charged to separate account annuity and life policyholders and through the interest spread for general account annuity and life products. Policy charges and fee income consist mainly of three types: sales charges or loading fees on new sales, mortality and expense charges, or "M&E", assessed on fund balances, and mortality and related charges based on total life insurance in force business. Policyholder fund values are affected by net sales (sales less withdrawals), changes in interest rates, and investment returns.

The Company also earns profits from the interest spread earned on general account products. The interest spread represents the difference between the investment income earned by the Company on its investment portfolio and the amount of interest credited to policyholders' accounts. Products that generate interest spread primarily include general account life insurance products, fixed annuities and the fixed-rate option of variable annuities.

In addition to policy charges and fee income, the Company earns revenues from insurance premiums from term life insurance and asset management fees from separate account fund balances. The Company's benefits and expenses principally consist of insurance benefits provided, general business expenses, commissions and other costs of selling and servicing the various products the Company sells and interest credited to policyholders' account balances.

1. Changes in Financial Position**June 30, 2008 versus December 31, 2007**

Total assets decreased \$857 million, from \$35.358 billion at December 31, 2007 to \$34.501 billion at June 30, 2008, primarily due to a decrease in separate account assets of \$1.495 billion, from \$24.609 billion at December 31, 2007 to \$23.114 billion at June 30, 2008, due to equity market declines in the first six months of 2008.

Fixed maturities decreased by \$59 million from \$4.510 billion at December 31, 2007 to \$4.451 billion at June 30, 2008. The decline was primarily driven by the re-allocation of investments to commercial loans.

Reinsurance recoverables increased by \$324 million from \$1.600 billion at December 31, 2007 to \$1.924 billion at June 30, 2008, largely as a result of continued growth in the term in-force covered by the PARCC reinsurance agreement and annuity business covered by the Pruco Re agreement (See Note 5 to the Unaudited Interim Consolidated Financial Statements.)

Deferred policy acquisition "DAC" costs increased by \$169 million from \$2.174 billion at December 31, 2007, to \$2.343 billion at June 30, 2008, primarily due to \$237 million of capitalization of acquisition costs from the continued growth of sales in life and annuity products, partially offset by \$133 million of amortization. Shadow DAC increased \$65 million from lower unrealized gains.

Commercial loans increased \$116 million, from \$745 million at December 31, 2007, to \$861 million at June 30, 2008, during the current period due to a higher allocation of investments into commercial loans.

Cash and cash equivalents increased by \$81 million, from \$93 million at December 31, 2007 to \$174 million at June 30, 2008, resulting primarily from accumulated portfolio cash flows during the six months ended June 30, 2008.

During the first six months of 2008, total liabilities decreased by \$928 million, from \$33.085 billion at December 31, 2007 to \$32.157 billion at June 30, 2008, primarily due to a decline in separate account liabilities of \$1.495 billion, consistent with the separate account asset decline described above. Policyholder account balances increased \$439 million, from \$5.077 billion at December 31, 2007 to \$5.516 billion at June 30, 2008, primarily due to continued sales from annuity and universal life products. Future policy benefits and other policyholder liabilities increased by \$318 million, from \$2.175 billion at December 31, 2007 to \$2.493 billion at June 30, 2008, primarily due to increases to life reserves as a result of sales and renewals of term products, and increased reserves for the Taiwan business. The Company's short-term borrowings from an affiliate used to provide short-term working capital decreased \$53 million from \$56 million at December 31, 2007 to \$3 million at June 30, 2008 due to repayments. Total securities lending activity decreased by \$152 million. The relative amounts of cash collateral for loaned securities and securities sold under agreements to repurchase decreased \$37 million and decreased \$115 million, respectively.

2. Results of Operations

June 2008 to June 2007 Three Month Comparison

Net Income

Consolidated net income increased by \$15 million, from \$50 million for the three months ended June 30, 2007 to \$65 million for the three months ended June 30, 2008. This increase was primarily driven by lower income tax expense and higher realized net investment gains, partially offset by lower investment income.

Revenues

Consolidated revenues increased by \$14 million, from \$272 million for the three months ended June 30, 2007 to \$286 million for the three months ended June 30, 2008. Net realized investment gains increased by \$12 million, from \$11 million loss for the three months ended June 30, 2007 to \$1 million gain for the three months ended June 30, 2008, mainly driven by realized gains of \$20 million related to the change in the value of an embedded derivative values associated with a no lapse feature offered on certain universal life business (See Note 5 to the Unaudited Interim Consolidated Financial Statements) and net mark-to-market derivative gains in the current quarter 2008. Partially offsetting these gains were fixed maturity impairments incurred in the current quarter.

Net investment income decreased by \$5 million from \$96 million for the three months ended June 30, 2007 to \$91 million for the three months ended June 30, 2008, primarily due to lower invested assets resulting from a dividend payment to Prudential Insurance of \$300 million during third quarter of 2007 and the run off in guaranteed interest contract products "GIC" in 2007. This was partially offset by continued investment of positive cash flows from operations and reinvestment of net investment income in 2008.

Policy charges and fee income, consisting primarily of mortality and expense loading and other insurance charges assessed on general and separate account policyholders' fund balances, increased \$3 million, from \$159 million for the three months ended June 30, 2007 to \$162 million for the three months ended June 30, 2008, reflecting growth in universal life insurance in force and increased fees from the growth of separate account assets on annuity products. Premiums increased \$4 million, from \$15 million for the three months ended June 30, 2007, to \$19 million for the three months ended June 30, 2008, due to growth in term life in force.

Benefits and Expenses

Total benefits and expenses increased \$8 million, from \$204 million for the three months ended June 30, 2007 to \$212 million for the three months ended June 30, 2008.

Policyholders' benefit and expenses, including related changes in reserves, increased by \$10 million, from \$28 million in the three months ended June 30, 2007, to \$38 million in the three months ended June 30, 2008. The increase was mainly due to growth in reserves in the term life business due to continued sales and higher guaranteed minimum death benefits reserves in the universal life products and higher death claims.

Interest credited to policyholders' account balances was relatively unchanged for the current quarter. Lower policyholders' account balances were primarily due to the run off of guaranteed investment contract, or "GIC," contracts in 2007, partially offset by growth from life and annuity sales.

General, administrative, and other expenses including amortization of deferred acquisition costs decreased by \$2 million from \$123 million in the three months ended June 30, 2007 to \$121 million for the three months ended June 30, 2008. The decline is primarily driven higher reinsurance expense allowances resulting from growth in the term business partially offset by new business growth and amortization of deferred acquisition costs due to unfavorable separate account fund performance.

Income Tax Expense

The income tax provision amounted to \$9 million in the three months ended June 30, 2008, compared to \$18 million in the three months ended June 30, 2007, representing 12% of income from continuing operations before income taxes in the three months ended June 30, 2008, and 27% in the three months ended June 30, 2007. The decline in the effective tax rate is primarily due to a lower estimate of full year income from continuing operations before income taxes in the current year compared to the prior year. The estimate of full year income from continuing operations before income taxes is used in conjunction with permanent differences to determine effective tax rates that are used throughout the year.

June 2008 to June 2007 Six Month Comparison

Net Income

Consolidated net income of \$106 million is relatively unchanged from the prior period. Details regarding the offsetting components of revenues and expenses are described in the following paragraphs.

Revenues

Consolidated revenues decreased by \$3 million, from \$549 million for the six months ended June 30, 2007 to \$546 million for the six months ended June 30, 2008. Realized investment losses increased by \$12 million, from \$12 million for six months ended June 30, 2007 to \$24 million for the six months ended June 30, 2008, mainly driven by realized losses of \$51 million from impairments of fixed maturities and changes in derivative values resulting from lower treasury rates and mark-to-market losses on embedded derivatives associated with certain externally managed investments in the European market. Partially offsetting these losses was a gain of \$40 million related to the change in the value of an embedded derivative associated with a no lapse feature related to the universal life business (See Note 5 to the Unaudited Interim Consolidated Financial Statements).

Net investment income decreased by \$16 million from \$196 million for the six months ended June 30, 2007 to \$180 million for the six months ended June 30, 2008, primarily due to lower invested assets resulting from a dividend payment to Prudential Insurance of \$300 million during third quarter of 2007 and the run off in guaranteed interest contract products in 2007. This was partially offset by continued investment of positive cash flows from operations and reinvestment of net investment income in 2008.

Policy charges and fee income, consisting primarily of mortality and expense loading and other insurance charges assessed on general and separate account policyholders' fund balances, increased \$15 million, from \$311 million for the six months ended June 30, 2007 to \$326 million for the six months ended June 30, 2008, reflecting growth in universal life insurance in force and increased fees from the growth of separate account assets on annuity products. Premiums increased \$7 million, from \$29 million for the six months ended June 30, 2007, to \$36 million for the six months ended June 30, 2008, due to growth in term life in force.

Benefits and Expenses

Total benefits and expenses increased \$11 million, from \$412 million for the six months ended June 30, 2007 to \$423 million for the six months ended June 30, 2008.

Policyholders' benefit and expenses, including related changes in reserves, increased by \$11 million, from \$62 million in the six months ended June 30, 2007, to \$73 million in the six months ended June 30, 2008. The increase was mainly due to guaranteed minimum death benefits reserves in the universal life products and higher death claims.

Interest credited to policyholders' account balances decreased by \$3 million, from \$106 million in the six months ended June 30, 2007 to \$103 million for the six months ended June 30, 2008 primarily due to the run off of GIC contracts in 2007 of \$4 million, partially offset by growth from life and annuity sales.

General, administrative, and other expenses including amortization of deferred acquisition costs increased by \$2 million from \$245 million for the six months ended June 30, 2007 to \$247 million for the six months ended June 30, 2008. The increase is primarily driven by new business growth and higher amortization of deferred acquisition costs due to unfavorable separate account fund performance, partially offset by higher reinsurance expense allowances resulting from growth in the term business.

Income Tax Expense

The income tax provision amounted to \$17 million for the six months ended June 30, 2008 compared to \$31 million in for the six months ended June 30, 2007, representing 14% of income from continuing operations before income taxes for the six months ended June 30, 2008 and 22% for the six months ended June 30, 2007. The decline in the effective tax rate is primarily due to a lower estimate of full year income from continuing operations before income taxes in the current year compared to the prior year. The estimate of full year income from continuing operations before income taxes is used in conjunction with permanent differences to determine effective tax rates that are used throughout the year.

The dividends received deduction reduces the amount of dividend income subject to tax and is a significant component of the difference between our periodic effective tax rate and the federal statutory tax rate of 35%. In August 2007, the Service released Revenue Ruling 2007-54, which included, among other items, guidance on the methodology to be followed in calculating the dividends received deduction related to variable life insurance and annuity contracts. In September 2007, the Service released Revenue Ruling 2007-61. Revenue Ruling 2007-61 suspends Revenue Ruling 2007-54 and informs taxpayers that the U.S. Treasury Department and the Service intend to address through new regulations the issues considered in Revenue Ruling 2007-54, including the methodology to be followed in determining the dividends received deduction related to variable life insurance and annuity contracts. These activities had no impact on our 2008 results.

In December 2006, the Service completed all fieldwork with regards to its examination of the consolidated federal income tax returns for tax years 2002-2003. The final report was submitted to the Joint Committee on Taxation for their review in April 2007 and in March 2008. The Joint Committee returned the report to the Service for additional review of an industry issue regarding the methodology for calculating the dividends received deduction related to variable life insurance and annuity contracts. The Company has responded to the Service's request for additional information. The report has been resubmitted to the Joint Committee. The statute of limitations for the 2002-2003 tax years expires in 2009.

Item 4. Controls and Procedures

In order to ensure that the information we must disclose in our filings with the Securities and Exchange Commission is recorded, processed, summarized, and reported on a timely basis, the Company's management, including our Chief Executive Officer and Chief Financial Officer, have reviewed and evaluated the effectiveness of our disclosure controls and procedures, as defined in Exchange Act Rule 13a-15(e), as of June 30, 2008. Based on such evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of June 30, 2008, our disclosure controls and procedures were effective. No change in our internal control over financial reporting, as defined in Exchange Act Rule 13a-15(f), occurred during the quarter ended June 30, 2008, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

We are subject to legal and regulatory actions in the ordinary course of our businesses, including class actions. Legal and regulatory actions may include proceedings relating to aspects of the businesses and operations that are specific to us and that are typical of the businesses in which we operate. Class action and individual lawsuits may involve a variety of issues and/or allegations, which include sales practices, underwriting practices, claims payment and procedures, premium charges, policy servicing and breach of fiduciary duties to customers. We are also subject to litigation arising out of our general business activities, such as our investments and third party contracts and could be exposed to claims or litigation concerning business or process patents. In certain of these matters, the plaintiffs may seek large and/or indeterminate amounts, including punitive or exemplary damages.

Our litigation and regulatory matters are subject to many uncertainties, and given their complexity and scope, the outcomes cannot be predicted. It is possible that our results of operations or the cash flow in a particular quarterly or annual period could be materially affected by an ultimate unfavorable resolution of pending litigation and regulatory matters, depending, in part, upon the results of operations or cash flows for such period. Management believes, however, that the ultimate outcome of all pending litigation and regulatory matters, after consideration of applicable reserves and rights to indemnification, should not have a material adverse effect on our financial position.

The foregoing discussion is limited to recent developments concerning our legal and regulatory proceedings. See Note 2 to the Unaudited Interim Consolidated Financial Statements included herein for additional discussion of our litigation and regulatory matters.

Item 1A. Risk Factors

You should carefully consider the risks described under "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2007. These risks could materially affect our business, results of operations or financial condition, or cause our actual results to differ materially from those expected or those expressed in any forward looking statements made by or on behalf of the Company. These risks are not exclusive, and additional risks to which we are subject include, but are not limited to, the factors mentioned under "Forward-Looking Statements" above and the risks of our businesses described elsewhere in our Annual Report on Form 10-K.

Exhibit Index

Exhibit Number and Description

- 31.1 Section 302 Certification of the Chief Executive Officer.
- 31.2 Section 302 Certification of the Chief Financial Officer.
- 32.1 Section 906 Certification of the Chief Executive Officer.
- 32.2 Section 906 Certification of the Chief Financial Officer.

CERTIFICATION

I, Scott D. Kaplan, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Pruco Life Insurance Company;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within such entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
